

Mohegan Sun Is The Place For High-Tech Meetings and Luxurious Retreats

The Convention Center at Mohegan Sun has become a major player in the meetings, conventions and expositions industry with more than 100,000 square feet of flexible, high-tech meeting and function space.

The luxurious two tower hotel at Mohegan Sun allows guests the flexibility to stay for a quick escape or indulge in a weekend getaway. The Sky Tower and Earth Tower combined boast 1,563 spacious and elegantly appointed guest rooms and over 175 suites, offering guests the opportunity to leisurely experience a wide variety of fine dining, entertainment and nearby attractions. In between meetings, guests can relax in the hotel's dramatic lobby; two world-class spas including a fitness center; indoor/outdoor swimming pools; outdoor sun terrace; and Bean and Vine Café & Wine Bar. As aesthetically exciting as it is luxurious, the hotel's design elements expand upon the Mohegan themes and traditions that echo throughout the multi-dimensional complex.

The Radiant Towers of Mohegan Hospitality

Like the rest of the Mohegan Sun complex, the exterior and interior of the 34-story hotel reflect Mohegan Tribal stories, traditions and designs as well as the Tribe's affinity with nature. The gleaming, crystalline tower pays homage to the natural materials the Mohegans used to fashion arrowheads and the ceremonial objects that acknowledged good spirits, such as rock and smoky quartz. Its glass curtain-wall system gently reflects the landscape, while the building's geometric shape and large windows provide panoramic views of the Thames River and surrounding New England countryside. The building's faceted form and exterior glass reflect the daily sun as well as its shifting light when the seasons change.

Modeled after the existing Sky Tower design, the Earth Tower reflects the Tribe's sensitivity to the natural landscape and that it pays homage to the geological and natural forms present on the property's riverfront site.

High Tech Meetings in the Mohegan Tradition

At Mohegan Sun, an expert staff of hospitality and meetings professionals is on-hand to ensure that meetings run smoothly and that attendees have the tools they need. Mohegan Sun's Convention Center provides meeting facilities that are tailored to satisfy the highest industry standards in terms of scope, staffing and seating.

All meeting room dimensions are PCMA-certified, while seating ratios are in accordance with the Convention Industry Council's (CIC) criteria. The highest possible staff-to-attendee ratios are maintained to ensure the very best support and service for all events. A Destination Services department representative will also provide support to design and implement customized meetings. Through the Destination Services department, meeting and event planners may avail themselves of group excursions and golf tournaments, celebrity appearances, graphic design, registration staff and equipment, translation services, team building programs, film and video production with technical support and even gifts and specialty goods.

Meeting space at Mohegan Sun includes:

- The Uncas Ballroom with 38,000 square feet of space that is divisible into 10 separate meeting rooms. Its ceiling can accommodate over 300 unobtrusive rigging points for production flexibility.
- More than 30 conference and breakout rooms which can accommodate up to 5,300 people
- Over 14,000 square feet of pre-function space adjacent to the grand ballroom
- The outdoor sun terrace, with 17,500 square feet of space

- Two group registration desks, offices and storage areas for convenient, centralized operations

Steps from the hotel and convention center sit Mohegan Sun's 10,000-seat Arena, which can be transformed into 30,000 square feet of exhibition space.

In addition, a professionally-managed business center features individual workstations, the latest business technology and shipping and receiving services. The state-of-the-art facilities at Mohegan Sun also make it possible to segment blocks of guest rooms in order to broadcast video-feeds and allow two-way conferencing from guest rooms to meeting rooms. Intra-property video teleconferencing is another high-tech feature available.

Mohegan Sun has also begun work on the all-new premier Exposition and Convention Center. On schedule and slated for a summer 2018 date, the Expo Center will be an excellent choice for guests planning a trade show, convention, corporate meeting or special event – while enjoying the one-of-a-kind Mohegan Sun experience.

The expansion will span over 240,000 gross square feet and will be located by the Winter parking garage and in close proximity to Mohegan Sun's newest hotel, Earth Tower. The new Expo Center itself will be 131,000 square feet and offer 8,000 square feet of pre-function space and a 22,000 square-foot ballroom that accommodates 1,600 people, as well as 18 meeting rooms, including a 1,200 square-foot boardroom. The \$80 million Expo Center will provide world-class services and amenities to be expected at one of the Northeast's premier entertainment, gaming and business destinations.

A Commitment to Excellence

An advisory board of meeting and event planners from nationally-recognized associations, companies and suppliers has made certain that every aspect of Mohegan Sun's Convention Center fulfills the most taxing demands of today's meeting groups. The flexibility, size and high-tech features of the meeting space are a result of the collaboration of the advisory board.

In another precedent-setting initiative, Mohegan Sun also requires all convention services management staff to obtain either MPI's Certification in Meeting Management (CMM) or the Certified Meeting Professional (CMP) designation provided by the Convention Industry Council (CIC). Mohegan Sun will underwrite the application and examination fees associated with both credentials.

Lavish Accommodations, Inspiring Work Space

Guests can also conduct business within the privacy of their own rooms in the hotel at Mohegan Sun, where deluxe amenities and sweeping views of the New England countryside or Thames River make each stay a memorable one.

In addition to supreme comfort, each room offers a minimum of 450 square feet of space and the latest telecommunications technologies, including three two-line telephones with data ports; voice mail; web and email access; and ultra-fast T-1 Internet connections. Each room also has a full-size working desk area with an ergonomic chair; deluxe king or queen beds and linens; relaxing lounge chairs; marble bathrooms; video in-room dining menus and ordering, bill review and check out accessibility; and a state-of-the-art security entry system.

Suites range in size from 884 to over 3,500 square feet. Five suites have been expertly-designed to accommodate the needs of meeting attendees and provide a perfect environment for entertaining up to 100 people. These suites have a living room, large dining/meeting room, back service pantry/kitchen, full-service bar and a master bedroom with a deluxe bathroom.

World-class Spas

Meeting attendees can rejuvenate at the 20,000 square-foot Elemis Spa at Mohegan Sun, housed on the third floor of Sky Tower. It offers a comprehensive range of treatments and services in its spacious suites, private treatment rooms, full-service hair and nail salon, state-of-the-art fitness center and separate aerobics room. The spa merges signature

Elemis treatments with authentic Mohegan themes and design elements to give guests a highly unique spa experience.

Located in Earth Tower, Mandara Spa at Mohegan Sun provides the most unique and indulgent spa treatments. The 2,800 square-foot boutique healing house is designed exclusively for massage and facial therapies. The seven-room refuge features a couple's suite, six dual-use rooms, a waiting lounge and retail area. Spa therapies include signature treatments such as the Mandara Customized Massage, Mandara Signature Facial and the Fire & Ice Massage.
