Mohegan Sun Is The Place For High-Tech Meetings, Large-scale Expo events and Luxurious Retreats

Mohegan Sun has become a major player in the meetings, conventions and expositions industry with more than 275,000 square feet of flexible, high-tech meeting and function space.

The luxurious two tower hotel at Mohegan Sun also allows guests the flexibility to stay for a quick escape or indulge in a weekend getaway. The Sky Tower and Earth Tower combined boast 1,563 spacious and elegantly appointed guest rooms and more than 200 suites, offering guests the opportunity to leisurely experience a wide variety of fine dining, entertainment and nearby attractions. In between meetings, guests can relax in the hotel's dramatic lobby; a world-class spa including a fitness center; indoor/outdoor swimming pool; outdoor sun terrace; and Bean and Vine Café & Wine Bar. As aesthetically exciting as it is luxurious, the hotel's design elements expand upon the Mohegan themes and traditions that echo throughout the multi-dimensional complex.

The Radiant Towers of Mohegan Hospitality

Like the rest of the Mohegan Sun complex, the exterior and interior of the 34-story hotel reflect Mohegan Tribal stories, traditions and designs as well as the Tribe's affinity with nature. The gleaming, crystalline tower pays homage to the natural materials the Mohegans used to fashion arrowheads and the ceremonial objects that acknowledged good spirits, such as rock and smoky quartz. Its glass curtain-wall system gently reflects the landscape, while the building's geometric shape and large windows provide panoramic views of the Thames River and surrounding New England countryside. The building's faceted form and exterior glass reflect the daily sun as well as its shifting light when the seasons change.

Modeled after the existing Sky Tower design, the Earth Tower reflects the Tribe's sensitivity to the natural landscape and that it pays homage to the geological and natural forms present on the property's riverfront site.

High-tech meetings and incredible events in the Mohegan Tradition

Mohegan Sun now features two world-class convention centers that can be customized for a range of events and shows, no matter the size and scope.
