Mohegan Sun Invites Travelers To Play And Stay

The luxurious two tower hotel at Mohegan Sun allows guests the flexibility to stay for a quick escape or indulge in a weekend getaway. **Sky Tower** and **Earth Tower** combine for 1,563 spacious and elegantly appointed guest rooms and more than 200 suites. Mohegan Sun hotel guests are steps away from incredible experiences including a variety of fine dining, world-class entertainment, thrilling nightlife, and plenty more.

Like the rest of Mohegan Sun, the 34-story Mohegan Sun hotel exterior and interior reflect Mohegan Tribal stories, traditions and designs as well as the Tribe's affinity with nature. The gleaming, crystalline tower pays homage to the natural materials the Mohegans used to fashion arrowheads and the ceremonial objects that acknowledged good spirits, such as rock and smoky quartz. Its glass curtain-wall system gently reflects the landscape, while the building's geometric shape and large windows provide panoramic views of the Thames River and surrounding New England countryside. The building's faceted form and exterior glass reflect the daily sun as well as its shifting light when the seasons change.

Guests can also conduct business within the privacy of their own rooms at Mohegan Sun, where deluxe amenities and sweeping views of the New England countryside or Thames River make each stay a memorable one.

Standing 34-stories tall with 1,200 luxury guest rooms and suites, **Sky Tower** at Mohegan Sun has been expertly designed to set a new standard of excellence. Experience a combination of stunning décor and impeccable service. Measuring a minimum of 450 square feet, each room contains either a king or two double queen beds, relaxing lounge chairs and spacious marble bathrooms.

At the highest reaches of Sky Tower is Aspire at Mohegan Sun, which offers personalized service from the moment guests arrive, with exclusive valet and luxurious private check-in, all leading to a reserved Aspire elevator. The upscale

Aspire rooms are met with a unique arrival gift and if needed, a butler to assist with any and all needs.

Thirty Three, which is a part of the Aspire experience, is a luxury food & beverage experience on the 33rd floor of Sky Tower, offering a stylized atmosphere and incredible views. A refined menu prepared by expert chefs, paired with a bartender serving up masterfully crafted drinks, takes an Aspire stay to the next level. Both roulette and blackjack are featured in the high-roller like space.

Creating even more ways to stay and play, Mohegan Sun unveiled the **Earth Tower** in November 2016. The 242,000 square-foot Earth Tower features 400 additional well-appointed guest rooms, including 39 suits, in addition to the spacious and elegant appointed room and suits in Mohegan Sun's deluxe Sky Tower. Each room and suite is also home to advance in-room technology, including ultra-fast Wi-Fi, intelligent thermostats and dual-line telephones. Additionally, the beauty of Mandara Spa can now be experienced at both Sky Tower and Earth Tower. Earth Tower was modeled after the existing Sky Tower design, reflecting the Tribe's sensitivity to the natural landscape, paying homage to the geological and natural forms present on the property's riverfront site.

The Earth Tower lobby is home to various lounging areas along with Bean and Vine Café & Wine Bar, where guests can grab breakfast and a coffee in the morning, and relax with friends over a glass of wine or beer in the evening, all with a beautiful view.

Located on the ground level, in front of the Tower, the outdoor Earth Tower Terrace features gas fire pits and satellite bar & food service, when weather permits. The space can also be utilized for private functions, including wedding receptions, anniversaries and more.
